

Top Tip from Airtel-Vodafone

### **Reset your BlackBerry ID password in 4 quick steps**

Need to reset your BlackBerry ID password to update your security or create something that is easier to remember?

1. Navigate to Options > Device > BlackBerry ID
2. Click Change next to BlackBerry ID password
3. Enter your current password, followed by the new one. Enter the password again in the confirm password field, then click ok
4. A confirmation message will display, then click OK
